March 30, 2023

The Honorable Diane Feinstein
Chairman
Energy & Water Subcommittee
Senate Appropriations Committee
United States Senate
Washington, D.C. 20510

The Honorable John Kennedy
Ranking Member
Energy & Water Subcommittee
Committee on Appropriations
United States Senate
Washington, D.C. 20510

Dear Chairman Feinstein and Ranking Member Kennedy:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2024 Energy & Water appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

Tim Kaine

Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
U.S. Army Corps of Engineers	Funding will be used to continue design efforts for using dredged material for beneficial use, including obtaining the necessary environmental authorizations, and to execute contracts to build structures, such as breakwaters, to keep dredged material in place.	Accomack County VA	\$10,500
U.S. Army Corps of Engineers	Funding will be used to continue Preconstruction, Engineering, and Design (PED) activities for the North Landing Bridge Replacement project.	City of Chesapeake VA	\$2,000
U.S. Army Corps of Engineers	The Peninsula Regional Flood Risk Management feasibility study that will investigate flood risk threats from sea level rise, coastal storm surge, and rainfall events, and develop watershed-based mitigation solutions to reduce flood risk in the City of Hampton, Virginia and the surrounding region.	City of Hampton Roads VA	\$200
City of Radford Electric Department	Funding will be used to implement equitable smart power metering solutions for the citizens of the City of Radford to extend the life of energy meters and reduce capital costs.	City of Radford VA	\$500
Pilgrim Baptist Church	Funding will be used to install solar panels at the Pilgrim Baptist Church in the City of Roanoke.	City of Roanoke VA	\$510
U.S. Army Corps of Engineers	Funding will be used to complete design work and conduct maintenance dredging along the Western Branch of the Nansemond River for the City of Suffolk, Virginia.	City of Suffolk VA	\$3,000
U.S. Army Corps of Engineers	Funding will be used to continue development of the Virginia Beach Coastal Storm Risk Management feasibility study that will address the risk caused by storm surge flooding, waves, and erosion, and formulate plans to manage the impacts coastal storms have on the City of Virginia Beach, Virginia.	City of Virginia Beach VA	\$400
U.S. Army Corps of Engineers	Funding will be used to initiate a feasibility study that will examine options for a secondary drinking water source for the Washington, D.C. metropolitan area.	Metropolitan Washington Council of Governments DC	\$500
U.S. Army Corps of Engineers	Funding will be used to support the development of a Post Authorization Change Report (PACR) for the Anchorage F component of the Norfolk Harbor Deepening and Widening project.	Norfolk VA	\$700
U.S. Army Corps of Engineers	Funding will be used to continue the Craney Island Eastward Expansion project that will create additional dredged material storage cells and land for a new port facility adjacent to the Norfolk Harbor Channel.	Norfolk VA	\$45,668
U.S. Army Corps of Engineers	Funding will be used for maintenance dredging of the critical ebb shoal in the Rudee Inlet.	Norfolk District VA	\$3,400
U.S. Army Corps of Engineers	Funding will be used to complete additional necessary operations and maintenance in the Atlantic Intracoastal Waterway – Dismal Swamp Canal, including continued repair activities at Deep Creek Lock and maintenance on the upland placement site and dredging of the Federal navigation channel.	Norfolk District VA	\$4,587
U.S. Army Corps of Engineers	Funding will be used to remove maintenance material within Norfolk Harbor Reach and Craney Island Reach, perform maintenance dredging in Thimble Shoal Channel and Southern Branch, operation of Craney Island, and raise the dikes needed to restore capacity within the cells of Craney Island.	Norfolk District VA	\$49,950

U.S. Army Corps of Engineers	Funding will be used to operate and provide for staff to maintain security and provide minimum maintenance including utility costs at the Albemarle and Chesapeake Canal bridge, lock, waterway, and reservation for commerce traffic and navy military fuel barges 24 hours per day, seven days per week.	Norfolk District VA	\$7,835
U.S. Army Corps of Engineers	Funding will be used to remove hazardous drift five days per week to prevent collisions with hulls and critical appendages and sinking of military, commercial, and recreational craft, with capability to provide on-call response to hazards seven days per week.	Norfolk District VA	\$5,935
U.S. Army Corps of Engineers	Funding will be used for Preconstruction, Engineering, and Design (PED) activities for the Elizabeth River and Southern Branch Deepening project.	Norfolk, Virginia VA	\$4,000
