May 10, 2022

The Honorable Jeanne Shaheen
Chairwoman
Subcommittee on Commerce, Justice,
Science, and Related Agencies
Committee on Appropriations
142 Dirksen Senate Office Building
Washington, D.C. 20510

The Honorable Jerry Moran
Ranking Member
Subcommittee on Commerce, Justice,
Science, and Related Agencies
Committee on Appropriations
125 Hart Senate Office Building
Washington, D.C. 20510

Dear Chairwoman Shaheen and Ranking Member Moran:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2023 Commerce, Justice, Science appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

Tim Kaine

**Kaine, Tim(D-VA) Commerce, Justice and Science
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Northern Virginia Regional Commission	Funding this project will produce widely applicable research and locally-specific action related to climate and weather.	13 member jurisdictions, including Arlington, Fairfax, Loudoun, and Prince William Counties, the independent cities Alexandria, Fairfax, Falls Church, Manassas, Manassas Park, and incorporated towns of Dumfries, Herndon, Leesburg, and Vienna. VA	\$115
Virginia Commercial Space Flight Authority (VCSFA)	Funding for this project would be used to expand educational programs and state-wide outreach efforts at Virginia Commercial Space Flight Authority.	Accomack County VA	\$1,000
Virginia Commercial Space Flight Authority (VCSFA)	Funding for this project would be used to upgrade and modernize infrastructure at the Mid-Atlantic Regional Spaceport (MARS).	Accomack County VA	\$1,050
Virginia Air and Space Center	Funding for this project will provide STEM education to underserved elementary school students and their families by utilizing NASA-focused STEM literacy and educational enrichment programming at the Virginia Air and Space Center.	Cities of Hampton, Franklin, Newport News, Portsmouth, parts of the Cities of Chesapeake, Norfolk, and Suffolk, and the County of Isle of Wight VA	\$688
City of Alexandria	Funding for this project would modernize information technology and office space components of the Juvenile and Domestic Relations Court and the Court Service Unit to meet the needs of the public.	City of Alexandria VA	\$305
Enough Is Enough	Funding for this project would go toward establishing a pilot program to provide comprehensive, parent and caregiver-focused training and education to help prevent the exploitation of children on the Internet.	City of Alexandria; Arlington, Fairfax, Loudoun, Prince William Counties VA	\$495
City of Norfolk	Funding for this project would be used to provide technology upgrades for the Norfolk Police Department. Improvements include a digital cloud-based interview system, new digital community messaging signs to display critical community information (missing persons, Amber Alerts, Crime Alerts), and classroom technology upgrades for the Norfolk Police Academy.	City of Norfolk VA	\$656
City of Norfolk	The purpose of the project upgrades Norfolk's street lights from high-pressure sodium fixtures to light-emitting diode fixtures, which will have the effect of improving public safety.	City of Norfolk VA	\$5,000
Old Dominion University	Funding will enable capability and capacity building that improves the ability to use federal funds for resilience and provide the technical capacity necessary to develop innovative pipelines of proposals for federal and state resilience funding programs.	City of Norfolk; City of Portsmouth; Fairfax City; Fairfax County; Arlington County; City of Alexandria VA	\$2,333
City of Petersburg	Funding for this project would allow the City of Petersburg to upgrade its existing 20-year-old Mission Critical Communication system that coordinates emergency services for all first responders in the City and surrounding areas.	City of Petersburg VA	\$3,203

City of Portsmouth	Funding for this project would go toward procuring an updated series of land mobile radios (LMR) to efficiently conduct operational communications and increase emergency response capabilities.	City of Portsmouth VA	\$3,000
Virginia Union University	Funds for this project would allow the Virginia Union National Research Institute to obtain instruments and equipment necessary for conducting basic and applied research, and developing interdisciplinary education programs and curricula.	City of Richmond VA	\$980
Craig County	The purpose of the project is to replace Craig County's existing Multiple Emergency Communications systems.	Craig County VA	\$3,000
Resolution Virginia	Funding for this project would build and train community volunteers as conflict engagement specialists to ensure access and availability to free and affordable community-building, violence prevention, and civil dispute resolution services at community mediation centers in the Commonwealth.	Fairfax County, Harrisonburg, Warrenton, Charlottesville, Amherst, and Roanoke VA	\$483
Virginia Hospital & Healthcare Association Foundat	Funding for this project would go toward establishing national centers of excellence for Virginia health systems to address community violence.	Roanoke, Fredericksburg, Petersburg, Bristol, Hampton, Portsmouth, and Danville VA	\$885
Town of Marion Police Department	Funding for this project will allow the Town of Marion Police Department to provide a police leadership and training program that would serve the law enforcement agencies in Southwest Virginia. The components of the program consist of instruction in performance management from budgeting to operations, organizational leadership & problem solving, personnel development, assessment & liability, and strategic management for 21st century policing.	Town of Marion VA	\$83
