

# Congressionally Directed Spending in FY2025 Government Funding Bill

## *Northern Virginia*

*U.S. Senators Mark R. Warner and Tim Kaine*

- The Senators successfully secured **\$8,200,000** for **Marine Corps Base Quantico** for the design of a new, larger Child Development Center to support child care and child development for active-duty military and civilian families assigned to **Quantico**.
- The Senators successfully secured **\$2,000,000** for the Alexandria Redevelopment Housing Authority to support a project to construct 270 modern, affordable apartments for seniors and individuals with disabilities in **Alexandria**.
- The Senators successfully secured **\$2,000,000** for Hopkins House to create space to house economic security, early learning, and housing stability programs for low-income Virginians in **Alexandria**.
- The Senators successfully secured **\$1,664,000** for Neighborhood Health to expand access to pediatric primary care, dental, vision, and behavioral health services for low-income children in **Arlington**.
- The Senators successfully secured **\$1,500,000** for People Incorporated of Virginia to support the Manassas Veterans Housing and Post Center, which will construct 12 new units of affordable housing in historic **Manassas** and revitalize an American Legion post to serve local veterans and the community.
- The Senators successfully secured **\$1,280,000** for Action in Community Through Service to construct a shelter to provide safe and supportive refuge for individuals and families fleeing domestic violence situations, offering them temporary housing, counseling, legal aid, and other essential services in **Prince William County**.
- The Senators successfully secured **\$1,188,000** for George Mason University to develop improved domestic violence response training tools in **Fairfax County** for law enforcement, social workers, and other frontline professionals, utilizing new technology like virtual reality simulations.
- The Senators successfully secured **\$1,175,000** for Affordable Homes and Communities (AHC), Inc. to help redevelop the Goodwill store in **Arlington** to create needed affordable rental homes, a child care center, a community center, and outdoor space and provide wrap-around services for residents.
- The Senators successfully secured **\$1,150,000** for the Literacy Council of Northern Virginia to support English proficiency to help Virginians in **Arlington and Fairfax counties** and **Alexandria** enter the workforce.

- The Senators successfully secured **\$500,000** for Bailey's Crossroads Health Access Partnership, Inc. to support construction of a new medical clinic in **Fairfax County**.
- The Senators successfully secured **\$460,000** for FailSafe-ERA to restart evidence-based pre- and post-release reentry programs for individuals at **Rappahannock Regional Jail** following a COVID-19-related break in programming.
- The Senators successfully secured **\$430,000** for Virginia Commonwealth University to help small businesses in **Arlington, Fairfax, Loudoun, and Prince William counties** recruit, train, and manage qualified interns in order to increase their businesses' capacity and grow the talent pipeline.
- The Senators successfully secured **\$419,000** for the **City of Alexandria** to renovate and create ADA accessibility to the Freedom House Museum. From 1828 to 1861 the site stood as a slave pen and center of the domestic slave trade in Alexandria and the U.S.
- The Senators successfully secured **\$405,000** for Survivor Ventures to help survivors of human trafficking enter or re-enter the workforce through paid employment opportunities with local small businesses in **Arlington, Fairfax, Loudoun, Prince William counties** and **Alexandria, Fairfax City, Falls Church, and Manassas**.
- The Senators successfully secured **\$400,000** for the **Town of Leesburg** to purchase a new mobile command unit, which will support increased coordination with public safety agencies in response to large-scale security emergencies and natural disasters, serve as a backup to the emergency communications center, and facilitate community policing outreach and events.
- The Senators successfully secured **\$300,000** for the **Town of Remington** to revitalize and improve ADA accessibility in its downtown to improve quality of life and attract businesses.
- The Senators successfully secured **\$263,000** for Capital Caring Health to outfit a van to provide non-emergency medical transportation to hospice patients in the **Northern Virginia** area.
- The Senators successfully secured **\$158,000** for America's Routes to help the Piedmont Historical Association and America's Routes organize and publish historical documents to help the public better understand **Loudoun County's** rural roads that deeply inform the transportation infrastructure of today.
