June 23, 2021

The Honorable Brian Schatz
Chair
Appropriations Subcommittee on Transportation,
Housing and Urban Development
Committee on Appropriations
United States Senate
Washington, DC 20510

The Honorable Susan Collins
Ranking Member
Appropriations Subcommittee on Transportation,
Housing and Urban Development
Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Chair Schatz and Ranking Member Collins:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2022 Transportation, Housing and Urban Development appropriations bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

Tim Kaine

**Kaine, Tim(D-VA) Transportation Housing and Urban Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Habitat for Humanity of Greater Charlottesville	The funds will be used to facilitate the transition of the Southwood Mobile Home Park into a mixed-income, mixed-use community without displacing current residents. Specifically, the funds will support addressing necessary upgrades to infrastructure in the neighborhood to promote safe, decent, and sanitary living conditions.	Albemarle County VA	\$1,015
Liberty's Promise	Funds will be used to support low-income immigrant youth by providing them means to become actively involved in civic life, pursue higher education, and embark upon meaningful careers.	Alexandria VA	\$468
Virginia Tech Transportation Institute	To fund previously authorized research into the challenges and barriers to deployment of autonomous vehicles in rural communities.	Blacksburg VA	\$2,000
Virginia Department of Transportation	Construction phase of lane extension project at Troutville safety rest area on I-81.	Botetourt County VA	\$8,034
Accomack Northampton Transportation Dist. Comm.	To fund conversion of approximately 2.3 miles of the abandoned Eastern Shore Railroad right of way and VDOT right of way at Cape Charles, Virginia into a multi-use recreational trail for the safety and benefit of residents, commuters, and visitors in Northampton county on Virginia's Eastern Shore.	Cape Charles, Northampton County VA	\$500
Chesterfield County	To fund the reconstruction of the outdated and undersized interchange within the I-95 corridor, located at Willis Road with heavy volumes of local and through traffic. The project will involve the construction of multi-lane roundabouts at the I-95 ramp terminals, reconstruction of the north- and southbound ramps to extend the deceleration and acceleration lanes, maintenance of pedestrian accommodations through the interchange via a sidewalk, and installation of a traffic signal at the proximate intersection of Willis Road and Coach Road.	Chesterfield County VA	\$3,200
Chesterfield County	To fund to enhancements and expansion of the Route 111 bus line with service to U.S. Route 1.	Chesterfield County VA	\$2,000
Chesterfield County	This project addresses transportation needs on the high-volume intersections on Route 360 by reconstructing existing roadway interchanges into superstreet configurations to eliminate left turns and throughs from the side streets.	Chesterfield County VA	\$2,200
City of Richmond	Funding to support maintenance needs for structural deficiencies of 108-year-old Mayo Bridge.	City of Richmond VA	\$12,000
Greater Richmond Transit Company	This request would provide shelters and benches at bus stops in underinvested communities in Richmond, Virginia providing essential workers with safer transit to work in inclement weather conditions.	City of Richmond VA	\$1,900
City of Virginia Beach	This project is for the construction of Nimmo Parkway VII-B, a two-lane undivided roadway with shoulders, on-road bike lanes, and a single shared-use path.	City of Virginia Beach VA	\$5,000
Virginia Department of Transportation	To fund certain transportation management plan activities related to extending the express lanes by approximately three miles from the I-495 and Dulles Toll Road Interchange to the George Washington Memorial Parkway in the vicinity of the American Legion Bridge.	Fairfax County VA	\$3,200
Fairfax County	This project will purchase the capital equipment to expand Capital Bikeshare facilities in Fairfax County for underserved areas in the County.	Fairfax County VA	\$1,000

Fairfax County, Virginia	This funding will enable the development of an affordable housing community, including supportive services, for individuals suffering from homelessness or at severe risk of homelessness.	Fairfax County VA	\$1,700
Fairfax County, Virginia	These funds will be used to provide down payment assistance and closing cost assistance for low- and moderate-income first-time homebuyers.	Fairfax County VA	\$1,030
Longwood University	This funding will upgrade a historic museum that is an anchor site for Civil Rights tours in the region, to enable the facility to better host trips and attract tourism.	Farmville, VA VA	\$670
City of Hampton, Virginia	Funding will be used for the Big Bethel Blueway, which will reduce flooding that causes substantial property loss and frequently results in flooded streets, particularly in low and moderate income neighborhoods. The Big Bethel Blueway will store and slow water through the redesign of existing waterways to reduce flooding upstream in residential neighborhoods, as well as downstream in Newmarket Creek, and will provide community connectivity and health and educational benefits for local residents.	Hampton VA	\$3,704
City of Hampton	To fund the preliminary engineering work associated with Phase B of the Coliseum Drive Extension project.	Hampton VA	\$1,500
Henry County	To fund Option 1, Phase "A" of the Commonwealth Crossing Safety Plan. This project consists of lengthening the turning lanes at the northern intersection of US 220 and the Martinsville Loop so that vehicles accessing Commonwealth Crossing Business Centre (CCBC) can efficiently and safely access the CCBC from US 220. This phase also improves the intersection of Martinsville Loop and Spencer Road and the southern end of the Martinsville Loop.	Henry County VA	\$2,500
City of Hopewell	To fund new ADA compliant bus shelters and sidewalk facilities for pedestrians. At present, many of the residents who utilize Courthouse Road do not have access to safe pedestrian routes along the corridor.	Hopewell VA	\$1,000
Virginia Coalfields Expressway Authority	To fund location analysis and engineering to assist with the planning, budgeting, and design of approximately 16.47 miles of four-lane divided highway which includes the Elkins and Rockhouse sections of U.S. Route 121, also known as the Coalfields Expressway.	Lebanon VA	\$7,117
Loudoun County, VA	Funding will be used to connect water and wastewater services for an affordable housing development that will provide 98 affordable apartments for seniors.	Loudoun County VA	\$500
Metropolitan Washington Airports Authority	To fund the installation of 500-kilowatt solar power rooftop panels on two cargo facilities at Washington Dulles International. Installation of solar panels and supporting infrastructure will take place on cargo buildings 1 and 2 and have the capacity to produce approximately 500 kilowatts of clean energy.	Loudoun County VA	\$1,850
Metropolitan Washington Airports Authority	Funding will enable the purchase of one mobile power station, one attachment (such as a backhoe) and supporting electrical charging infrastructure. The mobile power station is a zero-emissions platform, which will reduce fossil fuel use and greenhouse gas emissions through electrification of the transport fleet. This system also can play a critical role in disaster response by serving as a mobile power supply for first responders.	Loudoun County VA	\$1,200
City of Norfolk, Virginia	The funds will enable the relocation of the historic William A. Hunton YMCA to a more sustainable location. This important community resource provides valuable services to area residents, such as child care and afterschool services. The current location, though, is prone to nuisance flooding and at risk from sea level rise.	Norfolk VA	\$2,900
City of Norfolk	This project will improve the aging condition of the North Bound Hampton Boulevard Bridge, by repairing key structural components and protecting them from deterioration. The bridge repairs will include a deck overlay, structural concrete repairs, girders, piers and piles. The existing bearing and expansion joints will be replaced, along with timber fender system.	Norfolk VA	\$6,600

City of Norfolk	This project reconstructs 0.4 miles of Westminster Avenue in Norfolk, a heavily traveled concrete roadway with asphalt overlay adjacent to residential homes and a nearby elementary school. The Westminster Avenue Reconstruction project will provide a structurally sound roadway to accommodate for continuous heavy truck traffic.	Norfolk VA	\$2,880
Tri-Cities Area MPO	This request is to fund the southernmost portion of the Fall Line Trail starting in the City of Petersburg through Virginia State University.	Petersburg VA	\$8,500
Chesterfield County	To fund a project to enhance access to the Etrick train station by providing network connectivity via bike and pedestrian accommodations, improved safety features and Americans with Disabilities Act (ADA) compliance, and intersection upgrades to create a more efficient access and egress.	Petersburg, Chesterfield County VA	\$1,000
Prince George County	To fund construction a one-lane roundabout with a by-pass lane at the intersection of Middle Road and Jefferson Park Road in Prince George County.	Prince George County VA	\$3,541
Capital Region Airport Commission	To fund upgrades to the Richmond International Airport's existing Federal Inspection Service Facility to meet U.S. Customs and Border Protection Service requirements to support non-stop international service.	Richmond VA	\$3,969
City of Richmond	Funding will enable infrastructure improvements as part of the first phase of the Creighton Court Redevelopment Project. The project provides decent, safe and sanitary housing and supporting facilities that will meet the needs of the current families, while also attracting new families to the area.	Richmond VA	\$6,758
City of Roanoke	To fund replacement of the existing Wiley Drive Low Water Bridge with a structure that would provide a waterway opening to comfortably accommodate the numerous recreational watercraft on the Roanoke River Blueway, and to allow for significantly improved passage of fish and storm event debris.	Roanoke VA	\$2,100
Stafford County	Funding to improve Onville Road, a highly traveled secondary corridor that serves as a critical link between the Garrisonville Road (Rt. 610) corridor and the back entrance for Marine Corps Base Quantico.	Stafford County VA	\$2,500
Stafford County	This project seeks to elevate and re-align a portion of Brooke Road (State Route 608) to raise the road out of the floodplain and eliminate the roadway frequent flooding and associated roadway closures which prevent travel access for approximately 450 homes during rain events.	Stafford County VA	\$2,500
City of Virginia Beach	This project will reconstruct and add capacity on the roadway from Kempsville Road to the Chesapeake City line, significantly reducing congestion and improving travel time reliability to port facilities and the reliability of truck travel. This project would connect the Cities of Virginia Beach and Chesapeake.	Virginia Beach VA	\$9,000
